3. Do you think that senators having to run by themselves will prevent them financially?- Palmer

17. This is a more fair way to run SGA elections.- Carnahan
18. Can four friends get together and make a facebook group together to have them elected, or no?- Thornotn
19. No.- Carnahan
20. Theoretically, the SGA President picks all the senators, therefore they would vote that way.- Fettner
21. This is being handled right now.- Carnahan
22. This is being handled now to prevent a conflict of interest for next year.- Spialek
23. We also have to have a committee set up to approve this.- Mackey
24. Things start happening early for tickets, so we want to let them know now so they know in the future.- Krug
25. This is something that has been talked about for the past 2 years. We have been talking to past associations in SGA and we decided to do this for this year because of the amount of approval. – ARH

  4. Correct.- Larson
- f. Bill to Amend the Legislative Branch By-Laws: Compensation (Article 2, Section 5) (Larson)
- i. Questions:
1. On lines 21 and 22, I am kind of inferring that being in the office and doing other duties are service and being in the meetings does not have us represent our student body. How are you making a delineation?- Mackey
  2. This is a collective RSO meeting, while the office hours are set.- Larson
  3. Point of clarification, isn't it a part of our job requirement?- Mackey
  4. Yes, but you would not be paid for the meetings.- Larson
  5. You said that the money be used to go back to RSO's through fee board? Are you saying that an RSO's program is serving the student body more than we are during our meetings?- Bagnuolo
  6. Yes, I feel that other RSO programs are more important.- Larson
  7. Is there a way that we can earmark the fees to go back to SGA?- Owens
  8. No.- Olshak
  9. Aren't we a department as well?- Fettner
  10. Yes, but meetings are an RSO activity.- Larson
  11. Why would you have not placed this on the agenda earlier in the year?- Fettner
  12. I did not think of it, but I am willing to make it affective for this association- Larson

15. Do you feel that this bill can turn away people from SGA because they will do well, but they need a job outside of SGA?- Mason
16. The bill requires that they would be in attendance that service in SGA is not necessarily a job. You are a service to your constituency.- Larson
17. What is the financial impact?- Moore
18. I have not considered that. It is enough money to make it worthwhile.- Larson
19. I do not see why the SGA meetings would be necessarily mandatory if they are not going to be paid for the three hours they serve. Why haven't you talked to me about the SGA meetings with the attendance by-laws?- McMahan
20. The SGA meetings should still be subject to the attendance bylaws.- Larson
21. We do not have control over where the money goes?- Volgman
22. This would go directly inot student fees. -Olshak
23. If you made this effective immediately, wouldn't it be a conflict of interest and wouldn't we all have to abstain?- Krug
24. I do not know of anyone in this room that says they want to cut their pay.- Larson

27. No.- Olshak
28. Being a part of SGA is a service and not a job, then why are we paid?- Rubashkin

37. You said that office hours are apart of our job responsibility, but aren't the meetings as well?- Mason

38. It is, but it isn't. As an RSO on this campus, they do not get paid.-  
Larson
39. Point of Information- The Daily Vidette gets paid for their meetings.- Cahanin
40. Would this negatively effect the students?- BSU
41. No, because senators are still required to attend the meetings.-  
Larson
42. What is the difference of the meetings that ARH attends and that you attend on Wednesdays and are compensated for?- Bagnuolo
43. In our sense we are being paid to go to office hours and constituent contact events, and not paid to go to our meetings, which is different from ARH.- Larson
44. Have you really thought about this? What is the cost benefit analysis?- Fettner
45. I think the students would like to save their student fee dollars-

      - b. I also think this is a great idea, as committee you should decide who would be best to lead the committee.- Mackey
      - c. I see what you are trying to do, but I will vote not because I think the committee chairs should appeal what they want to do to the entire association- Mason
      - d. I believe in the governing documents, they are considered a part of the executive team of the assembly. I feel that they should be elected by the assembly.- Larson
      - e. I have been a committee chair for two associations, but Point of Clarification, would this conflict the decision of the President of the Assembly from picking two people?- Preston
      - f. Yes, there would have to be more changes to the by-laws.- Olshak
      - g. I know that this was originated from the civic engagement committee, and the members were fine with the decision made. It does not change the tone or the purpose. If you are to elect someone before an entire assembly, isn't the executive branch interfering with this?- Spialek

7. I was more open with my area government meetings, but if the questions were asked at the event, then I answered them.- Owens
8. To be clear, the salary increase is for other areas on campus, such as athletics.- Olshak
9. I would like to confirm what Senator Owens said, that a lot of people, while canvassing had contention for Student Affairs employee pay raises. The overall trend is people are against it, and I would recommend that people would like the SFKR building funded, but nothing else.- Larson
10. We found similar information to what Senator Owens found, as well. – Ruedig
11. Though I might not agree with Senator Owens, I think it was uncalled for to say that he was deceptive to his constituents.- Volgman

13. I think that it is hard for us to image how this affects us directly. It is to keep us competitive.- McGinty
14. My line 28 says that it is a possibility of the pay increase. I think President Bowman is a competent man to make the appropriate decision.- Mackey
